

The Manusorter

Material Handling Recycling Bins

Discover the Manusorter series of material handling and industrial recycling bins at Recycle Away, designed to enhance waste management efficiency in industrial and warehouse environments.

Our Manusorter material handling and industrial tote bins are crafted for ultimate versatility and durability. Each bin is composed of high-density polyethylene (HDPE), known for its superior strength and highest recycling recovery rates of any plastic. Designed with a variety of lid options in multiple colors, these bins can be customized to fit the specific needs of any industrial setting. Optional connector kits enhance stability and sturdiness, ensuring your bins remain securely in place. Proudly made in the USA, our bins embody quality craftsmanship and reliability.

Best selection, lowest prices.
